

AUTHENTIC CYCLING **SPORT**
— CARBON BLUE™

INNOVATION, UNCHAINED.

Introducing Carbon Blue™ technology – a belt drive system combining unmatched durability with the authentic outdoor biking feel you expect from Schwinn.

For nearly 20 years, Schwinn chain drive bikes have led the indoor cycling industry. Even as other companies began to use belt drives, we stayed true to our technology for one simple reason: belt drives felt nothing like riding an outdoor bike. Today, all of that is changing. There is a revolutionary new belt drive taking the outdoor bike community by storm, and we've adapted it and brought it indoors on the A.C. Sport. This next generation system delivers guaranteed durability and virtually zero maintenance, without sacrificing the Schwinn authentic cycling feel that riders know and love.

PEDAL FEATURES AND OPTIONS

*Double Link

*Triple Link

All Schwinn Authentic Cycling indoor bikes feature threadless Morse Taper pedals for increased safety, strength and reliability. They come standard with Double Link with SPD and toe-clip combinations to accommodate both cycling cleats and regular athletic shoes. The AC Performance Plus bike is Schwinn Triple Link™ pedal compatible. Triple Link Pedals accommodate Look, Delta and SPD style cleats to simulate an outdoor riding experience. They easily convert to accept traditional athletic shoes with the snap-in locking toe clips.

BUILD ON GREATNESS

At **Core Health & Fitness**, when we brought together fitness brands to build our company, we settled for nothing but the best. Four iconic brands that pioneered entire categories and whose machines are still the ones **members ask for by name**. Today, we're committed to continuing the tradition that started decades ago – and that's greatness you can feel good about building your business on.
